

Strategic Plan for World Domination

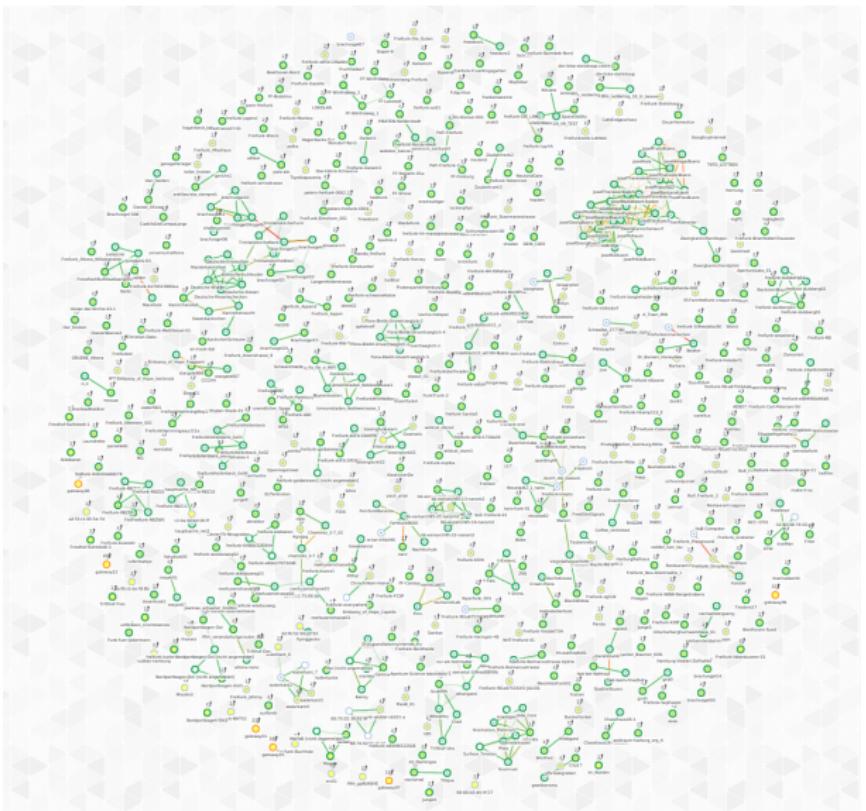

Current status

How can we develop the network from this...

How can we develop the network
to this?

The Winning Strategy™

The Winning Strategy™

Divide & Conquer!

The Winning Strategy™

Divide & Conquer!

- We focus on a few city sectors which already have nodes

The Winning Strategy™

Divide & Conquer!

- ▶ We focus on a few city sectors which already have nodes
- ▶ For each sector there will be 1-2 Freifunk representatives

The first campaign:

“The Long Night of the Freefunkies”

The first campaign:

“The Long Night of the Freefunkies”

- We organize a talk in every sector (at a café, school, etc)

The first campaign:

“The Long Night of the Freefunkies”

- ▶ We organize a talk in every sector (at a café, school, etc)
- ▶ All the talks happen at the same time

The first campaign:

“The Long Night of the Freefunkies”

- ▶ We organize a talk in every sector (at a café, school, etc)
- ▶ All the talks happen at the same time
- ▶ Let's define a date in... November?

The first campaign:

“The Long Night of the Freefunkies”

- ▶ We organize a talk in every sector (at a café, school, etc)
- ▶ All the talks happen at the same time
- ▶ Let's define a date in... November?
- ▶ Each local team finds a suitable location

The first campaign:

“The Long Night of the Freefunkies”

- ▶ We organize a talk in every sector (at a café, school, etc)
- ▶ All the talks happen at the same time
- ▶ Let's define a date in... November?
- ▶ Each local team finds a suitable location
- ▶ I provide slides, teams present them

Bomber cat approves of this!

The sectors

- ▶ I've picked some areas where we already have nodes

The sectors

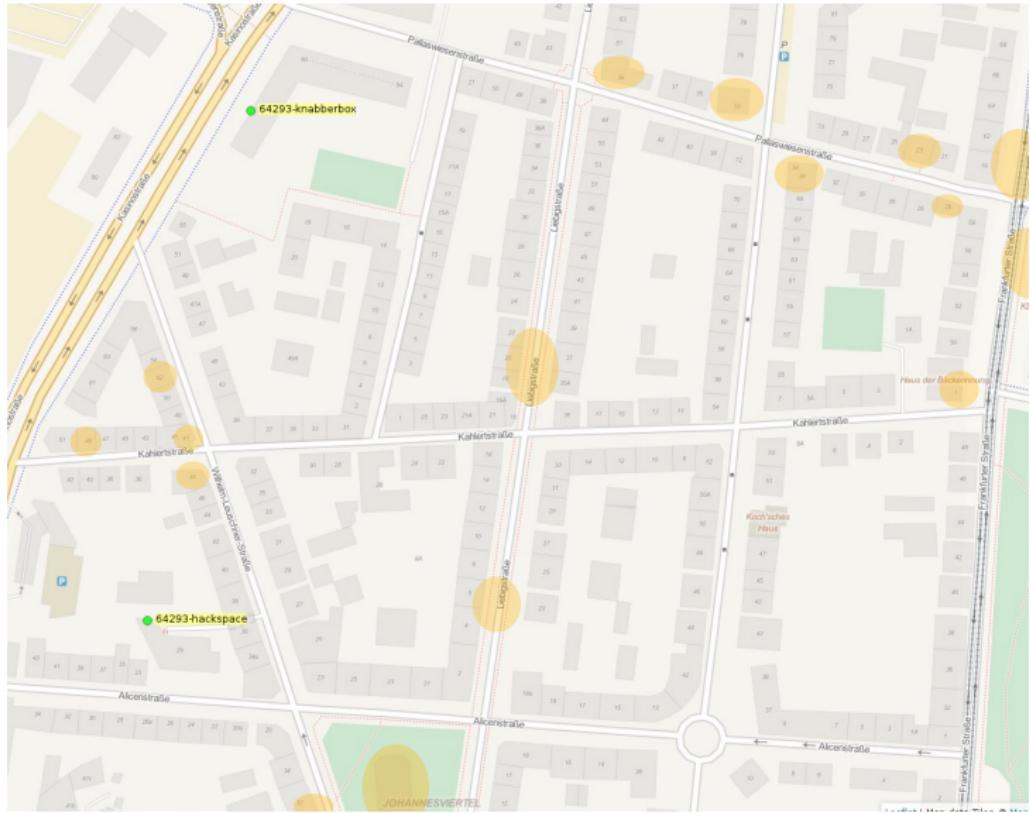

- ▶ I've picked some areas where we already have nodes
- ▶ Not all areas have many public spaces, but we should connect the dots anyway

The sectors

- ▶ I've picked some areas where we already have nodes
- ▶ Not all areas have many public spaces, but we should connect the dots anyway
- ▶ If you want to take care of another area, let me know
